

# CASA MEA NEWS *flash!*

July 2012

Casa Mea is renovating its attic to make a school for our children with special needs and for the children in our community who have similar educational needs. We need your financial support to finish the renovations so that our school can open on September 15th, 2012.

Initially, we at Casa Mea believed that we could give the children a home full of warmth, acceptance, and love. With these attributes we believed they would grow and flourish into productive members of society. But based on our experience, we have discovered that our children need much more. Like Stelian above, who spent his first 5 years in an orphanage without maternal affection or stimulation, several of our children need additional help. This educational help is not

available through our public school system in Prejmer. As a result, we at Casa Mea want to offer our children, and others like them in our community, a sound educational background so that they can function as productive adults in society.

**PLEASE HELP US GIVE THEM  
A GOOD EDUCATIONAL START**
